🎓 Experienced Tutor | University of Vienna | MSc in Physics

I have an MSc in Physics from the University of Vienna and a BSc in Theoretical Physics from the University of Innsbruck. With a decade of experience, I specialise in IB Physics but also teach A-Level and IGCSE, focusing on exam success and mastering complex concepts.

Teaches: IB Physics A-Level Physics IGCSE Physics GCSE Physics AP Physics

Curriculum: IB A-Level GCSE IGCSE AP

Qualifications

University of Vienna: MSc in Physics (2011-2013)

University of Innsbruck: BSc in Theoretical Physics (2007-2011)

Vetted Tutor

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

For the past 10 years, I have been tutoring students in IB Physics, guiding them through the curriculum and ensuring they achieve high scores in their exams. My experience spans a range of curriculums, including A-Level and IGCSE Physics, where I've helped students build a strong understanding of fundamental physics principles.

I've worked with students from different backgrounds, tailoring my lessons to meet their individual needs. Whether it's preparing for the IB Diploma or acing A-Level exams, I ensure my students grasp the core concepts and apply them confidently. Many of my students have gone on to pursue higher education in top universities across Europe and the US.

In addition to school-level tutoring, I have also provided support for students preparing for AP Physics and SAT Physics exams. My experience working with international students has enabled me to adapt my teaching approach, helping students not only understand physics but also develop a passion for the subject.
