🎓 **Experienced Tutor | University of Tokyo | PhD in Physics**

I hold a PhD in Physics from the University of Tokyo and an MSc in Theoretical Physics from Kyoto University. With 13 years of experience, I specialize in IB Physics, A-Level, and AP Physics, guiding students to achieve top results in both local and international curriculums. My goal is to help students excel in understanding complex physics concepts.

## Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

## Tutoring Experience

Over the past 13 years, I've guided students through a wide range of physics topics, from classical mechanics to modern quantum theory, ensuring they succeed in IB and A-Level Physics. My students have gone on to pursue engineering and physics degrees at top universities across Japan and internationally. My hands-on approach has helped students gain confidence in problem-solving and conceptual clarity.
